This site is like a library, Use search box in the widget to get ebook that you want. Pheromones, in context In McCoy's view, their studies show that the pheromones work under real-world conditions, regardless of laboratory results. "I think that we've once and for all demonstrated that this pheromone, however it's constituted, does have powers over the other sex," she says.

Do Pheromones Play a Role in Our Sex Lives? - Scientific ... Whether or not pheromones initially affect sexual attraction, other research has indicated that humans might be using a different set of subtle smell cues to help select our mates. Human Pheromones - Neurobiology of Chemical Communication ... 19.2. QUEST FOR DISCOVERING HUMAN PHEROMONES. The search for human pheromones came to the fore soon after Alex Comfort published his influential 1971 Nature paper entitled Likelihood of Human Pheromones (Comfort 1971). However, nearly a half century has elapsed since this paper was published and a strong argument can be made that no chemical or simple set of chemicals has been identified that could be construed as a human pheromone.
